ONLY THREE NOW SURVIVE.

Miss Joanna Reardon, Member of Remarkable Family, Dead.

Miss Joanna Reardon, a member of a remarkable family of brothers and sisters, died Saturday afternoon at 4 o'clock at her home at Victoria, at the age of about seventy-three. Miss Reardon's death was due to her advanced age and to a fall which she received several months ago.

Miss Reardon is survived by two brothers, William and Michael Reardon, and one sister, Miss Ellen Reardon. They are all over seventy years of age, the elder brother being about ninety, and are unmarried. A sister who died about twelve years ago was seventy years of age.

Though they own a farm of about 200 acres at Victoria and are highly respected in that section, these remarkable old people were always preferred to live in a small log cabin and to do without many comforts which they could have had. This year will be the first time there have been tenants on their land, they having tilled it, with the assistance of neighbors for many years. The surviving members of the family are in feeble health. They have never seemed to assimilate, to much extent, the modes of living in vogue in America, adopting instead those of the poorer classes in Ireland, from which country they emigrated about fifty years ago.

The funeral of Miss Reardon was held Monday morning and the interment was at St. Rose's cemetery, near this city. Father C. Brey, the pastor of the family, conducting the services.

Run Over by Wagon; Leg Broken.

Allen Elder, a son of Thos. Elder, of near Hardinsburg, sustained a broken leg as the result of having the number run over by a loaded wagon, while at work, on the Stephensport road, last Thursday afternoon. His foot was caught in a rut in the road, the wheels passing over the lower part of the limb and breaking it just above the ankle. The injury was a very painful and serious one. The injured man was removed to a house nearby and attended by Drs. F. L. Lightfoot and G. B. Smith.

Gate Brickey's Barn Burns.

Hardinsburg, Ky., May 2.—(Special.)—Gate Brickey, who lives on the Owensboro road, about four miles from town, had the misfortune to lose, by fire, his barn and its contents, last Friday. Three horses, a milk cow and some hogs were burned, as well as about 200 bushels of corn, gear, wagons, etc. His loss amounts to about \$500. There was no insurance.

"I owe my life, without doubt, to Ayer's Sarsaparilla. It is the most wonderful medicine I have ever used. It has cured me of my blood, and I cannot thank you enough." MISS DELLA McNEIL, Warren, N. J.

Get a bottle of Ayer's Sarsaparilla for Poor Health. Laxative doses of Ayer's Pills each night greatly aid the Sarsaparilla.

Sandbach-Potts.

Dr. J. A. Sandbach.

At 12:30 o'clock, April 26, Dr. J. A. Sandbach and Miss Evelyn Potts were married at McQuady at the home of the bride's parents, Rev. G. L. King, of Hardinsburg, officiating. The ceremony was witnessed by a host of friends and relatives. The beauty of the bride was enhanced by a lovely suit of brown silk, with cream trimmings. The attendants were the bride's sister, Miss Mildred Potts, and the groom's brother, Dr. Will Sandbach, of Louisville. Immediately after the ceremony, the happy couple boarded the train for Friedland, Ky., for a brief visit to the groom's parents. The bride is the daughter of Mr. and Mrs. J. D. Potts, of McQuady, while the groom is a popular and rising young physician.

A Friend.

Cures Catarrhal Deafness.

One Week's Use of Hyomei Did More Than Six Months' Treatment by Specialists.

In the treatment of deafness which is often a result of catarrh Hyomei acts almost immediately upon the inflamed membrane and the hearing begins to return at once. A few days treatment will bring relief, and in three or four weeks, according to the severity of the case, a cure will be accomplished.

Miss Meeks of Mattewan, N. Y., says: "Hyomei is truly wonderful. I have used it but a short time and see a great change in my condition. My hearing is improving rapidly, and I had no idea I would improve so rapidly in so short a time. My breath which was so offensive to myself and others, has lost its bad odor entirely. I have spent a great deal of money with catarrh specialists and can truly say that six months of their treatment is not equal to one month of Hyomei."

Short & Haynes are selling Hyomei upon the unusual plan of agreeing to return the money if the medicine does not cure.

A complete outfit costs only \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler will last a lifetime and there is enough Hyomei for several weeks treatment. Additional bottles of Hyomei can be procured for 50 cents. Compare this small expense with the fees charged by specialists and then remember that if Hyomei does not cure Short & Haynes will return your money.

Good Strike Above Cannellton.

According to the report given by Judge Wampler and L. S. Powers an excellent oil strike has been made on the Mason farm five miles above Cannellton, at a depth of 730 ft. Several barrels were pumped out within a few hours and the operators state that it is a twenty-barrel well and that the oil is of the finest quality.—Hawesville Plaindealer.

Equity Houses Receiving.

During the short season last week all four of the Equity warehouses in the county received tobacco. About 20,000 pounds were received at Kirk, 25,000 at McQuady and a few loads here and at Hardinsburg. It is believed that the prospect for increased receipts during the next season is more favorable at Kirk than at any of the other towns where Equity houses are located.

Death at Big Spring.

Big Spring, Ky., May 2.—(Special.)—Mrs. Dan Brown died Monday evening of uric poisoning and her remains were entered at New Salem church burying ground.

Revs. C. T. Daniel, D. B. Clapp, J. T. Lewis, E. B. English and J. F. Morton make talks on interesting subjects during the meeting. OBITUARY.

Verdie Ellen Pate, daughter of W. H. and Mattie Pate, was born near Custer, Breckenridge county, Ky., March 29, 1895, and died March 14, 1905, at her home in Blair, Neb. Though

her sorrowing parents and many loving friends mourn her loss, heaven has gained one more shining jewel. Though death has removed our darling, And she rests beneath the sod, Our hearts are full of sorrow.

Yet we have a hope in God. We know that the bible teaches Of a resurrection morning, when The saints of God, now sleeping Of the spirit shall be born.

And when the dead are rising, In that grand and awful day, We know our little darling Shall leave her bed of clay.

Let us to our heavenly father We leave the great unseen And trusting in his promise We hope to meet again.

We hope to meet our darling In that bright and happy day In the kingdom of Our Savior When death has passed away.

Bilious Bill was getting bloated. And his tongue was uncutly coated. Patent "tonic" wouldn't cure him. Compulses would not insure him. All his friends were badly frightened.

But their spirits soon were lightened.

EARLY RISER pills relieved him. The famous Little Pills "EARLY RISERS" cure Constipation, Sick Headache, Biliousness, etc., by their effect on the liver. They never gripe or sicken, but impart early rising energy. Good for children or adults. Sold by All Druggists.

Bill Sterett's Latest.

The Hon. William Sterett, of Texas, was narrating the glories of his common wealth to friends in the Hoffman House. He told of the two towns on opposite banks of the Rio Grande, one in Texas and the other in Mexico.

"If you have a silver dollar there," said Colonel Sterett, "you are fixed for drinks without number. If the dollar is one of Uncle Sam's you buy a drink in Texas, hand out your dollar and receive a Mexican dollar in change. Then you walk across the bridge, buy a drink in Mexico hand out the Mexican dollar and receive a United States dollar in change, each coin being at a discount of ten cents when it is away from home."

"And how long could you keep it up?" inquired a bystander.

"Until you could no longer walk across the bridge," replied Colonel Sterett.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kan.) Globe: "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture and when he was in this office to-day, we asked him about it. He says he had terrific pains in his stomach, and thought he had a cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Just as surely as the sun shines your stomach can be brought back to its originally pure condition and life sweetened by this lasting and truly the greatest digestant known. Sold by all Druggists.

Down in Hancock County.

(Clarion.)

Mr. Jerry Burk, of Victoria, was in town Monday and left at this office a petrified Irish potato. He says he has been raising Irish potatoes on the same spot of ground seventeen years and these petrified potatoes can be found in considerable numbers. The eyes are plainly shown in the stone potato.

For the first time in about four years the bell of the Elmoreville Baptist church was heard on Sunday morning. During the occupancy of the element known as the Deschamps Baptists the bell remained silent, that minister holding that the noise was unnecessary and such customs being obsolete in other places, so it was at all times silent. After suit was waged through the courts and the other side, or "Close communion" Baptists gained the day, the old custom has been restored and by this signal it was known that they were on last Sunday occupying the building for the first time. There was no preaching but Sunday school was held.

Art in America.

What with the new impetus just given to the Metropolitan Museum in New York, the activity of museums and academies throughout the country, the noble endowment of the American Academy in Rome, the improvement of our art schools and the augmenting individual accomplishment of American architects, artists and musicians, America is destined soon to take a still more important place among the art-producing nations of the world. One of the necessary steps in this direction is the removal of the tariff on art works; and the men of light and leading in our government should see that, at the first opportunity, this deleterious and idiotic tax is swept away. —From an editorial in the May Century.

Staying in The Harness.

"All this talk about stepping out and giving the young men a chance is supremely folly," writes Prof. James H. Canfield, of Columbia University, in "The Cosmopolitan" for May, in an article, "The Philosophy of Staying in Harness," in which he takes issue, inferentially, with Prof. William Osler in regard to the value or lack of value of men at certain ages. Professor Canfield holds that we should stay in harness till the very end of the drive. Photographs of notable living Americans, well past the chloroform age yet still active in commerce, law, politics and finance, give illustrative emphasis to the point which the author seeks to make.

The Old Subscriber.

We sometimes wonder if newspaper men generally appreciate the old subscriber at his true value. We mean the standby who takes the paper year after year through evil as well as through good report, and pays his subscription regularly just the same as he would pay any other honest debt, says the Iowa Recorder. As a general thing the old subscriber is patient and slow to wrath. He will overlook many little slights from the editor—slights which the man who borrows his reading would not stand for a minute. If one of his calves gets its leg brace and the fact isn't mentioned in the next issue he doesn't seem to feel the slight in the least, or if a half dozen of his hens die with the cholera morbus and the editor doesn't set out a two dollar ad. to make room to herald the new to a waiting world, he just worries right along as though he had not been mistreated at all. He is always jolly—never fails to ask "how's tricks" when he comes into office, and drops a word of praise for the paper upon taking his departure. God bless the old subscriber. We love him and if we sometimes slight him in order to give space to some sap head who isn't worthy to buckle his shoes, it is because he is so broad minded and charitable that he will never mind it.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. Radium's Wonderful Effect.

A Chicago dispatch says: "The improvement in the condition of President William R. Harper of Chicago University is described by physicians as almost unheard of. Radium combined with X ray treatment is said to have accomplished wonders. The cancerous area in Dr. Harper's abdomen has been reduced one-third and is now free from contact with the intestinal wall."

"Since the operation by Dr. McBurney, of New York, two months ago, fluorescent treatment has been used on Dr. Harper, and the radiation set up inside the body, in connection with the rays from the radium in the pocket almost immediately over the cancerous growth, have accomplished more than has before been done in a similar case, it is declared. The treatment does not interfere with Dr. Harper's work. Since he returned from the East he has spent nine hours a day at his desk."

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly." For sale by Short & Haynes.

Good Advice

Is to tell your neighbors to use Paracamp for Cold in the Head or Chest. It relieves Colds, Catarrh and Sore Throat quicker than any other known remedy, because it opens the pores, induces perspiration and removes congestion. It drives away that "stopped up" feeling and draws out all fever and inflammation. Try it. It won't take a minute, and it will relieve you in less time.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Short and Haynes.

Nick Holsten Gets Seven Years.

Brandenburg, Ky., April 27.—After being out twenty-two hours and a half a jury at Brandenburg late yesterday

day afternoon gave Nick Holsten seven years in the penitentiary for the murder of Ben Case in the Methodist church at Grahamton, Meade county. Holsten and Case met at the church door and engaged in some words.

According to the proof of the defense Case threatened to kill Holsten, and then went on in church. As the men separated Holsten said: "I'll see you later." He went immediately and, securing a pistol, returned to the church and walked up to where Case was sitting.

"I've got you now!" he exclaimed, and shot him down. This is the second murder case tried in Meade county during recent years and created much excitement. When the jury first retired a majority were for hanging Holsten. Attorney Harry W. Robinson, of Louisville, conducted the defense. He was assisted by Walter Gray, of Brandenburg.

A prominent shipper remarked the other day that the Henderson Route is one of the most liberal routes in the country, both in its rates and in

"The very best service a postmaster can give to his party is to conduct his postoffice in a proper manner," says Postmaster General Cortelyou. And this is true. It applies to the little postoffice as well as to the big one. A postmaster has no business fooling with politics. His place is in his office and he should stay there.

The Department of Agriculture is anxious to impress on the farmer the value of sheep as a farm product and advises him to raise sheep that will furnish a good fleece and at the same time be good mutton sheep. The Department believes in mutton chops and is not averse to lamb with mint sauce. It advises the consumer to "eat more mutton" because it is nourishing and palatable. The Department of Agriculture is a great friend to the farmer and gives him good, whole, some, profitable advice. Farmers should study this department more.

We don't believe in government monopoly any more than we do in private monopoly. They are both bad for this country. Of the two evils we believe the government monopoly the greater evil. What we want in this country is not government monopoly but government regulation.

Don't listen to the man who seeks to inflame you against your fellow citizen because he differs from you politically or because he hasn't always voted the straight ticket, either the Democratic or Republican. A man can be a square man, a just man and a law-abiding citizen and vote as he pleases.

The Epworth League is doing excellent work for this community. It is not only developing deeds of charity, but it is developing

character and talents in the young men and young women along lines that are helpful to themselves and to the church. They are doing a good work and should have the help and co-operation of all good citizens, whether they are in the church or out.

If you are in doubt about the value of advertising please consult W. J. Schopp, Stephensport. What advertising is doing for him it will do for you if you have the goods and the nerve to put up the money. People want to know about things. They want to know the price, the kind, and where it is. It doesn't matter if it is in Stephensport and the price suits them, they go after it. Mr. Schopp is attracting great crowds to his store every day. It costs him some money to do it, but he says it pays.

THE Republican Committee failed to do anything at their meeting last Monday. They have called another meeting for next Monday. Here's a bit of advice: Put out a ticket. Put men on it who will pledge themselves not to use whisky nor a dollar in the campaign to influence votes. Let them say to the Democratic candidates, "Use all the whisky and all the money they can get, but for us we draw the line on the use of money or whisky." A ticket put out on this platform will win hands down. The voters of Breckenridge county are getting above the jug in a campaign and above the buying of votes by any party.

Away out west in the Old Blue School house, on West Divide Creek, in the mountains of Colorado, President Roosevelt and party attended church last Sunday. The little district school building was not big enough to accommodate half the congregation, so the organ was moved out, the choir sang and the pastor preached. It was a great service and the President enjoyed it. After the sermon the President spoke for ten minutes, then there was a general handshaking. Every man, woman and child took the President by the hand. Was there ever a President who got nearer the hearts of the people than this man?

THE latest statistical report estimated the population, on April 1, to be 82,910,000, an increase of 6,607,000. According to this estimate it is believed that before the next census is taken in 1910 our population will be 90,000,000. Every addition to our population adds so much to the consumptive demand upon our productive industries. If it be estimated that the average amount needed by every person to maintain life is \$290, then the increase of 1,329,000, in the population every year means an increase in the consumptive demand of \$384,000,000. When we take into consideration this fact and the demand it makes on our industries and, more especially, the demand for farm products, it will be seen at a glance that there will be no let-up to our prosperity.

TALK about your bluegrass farms,—right here in Breckenridge county we have 'em just as good and just as pretty. The time was when we couldn't say this. But a new day, a new idea and a new way has been inaugurated in Breckenridge county and among Breckenridge county farmers. Especially does this prevail among the younger set. Driving along the turn-pike the other day we noticed a very decided improvement in the appearance and in the methods used by the farmers. The old rail fence has been relegated to the past and in its place are up-to-date wire and paling fences. Old broomsage fields have been turned into meadows and into bluegrass. The old log cabin is no more but in its place is the two-story frame dwelling with modern barns and outbuildings. Quite a contrast now compared with twenty years ago, when Roland Smith used to drive us along this same route through mud and slush up to the axle, with a walking ticket up every hill. They were good old times and good old ways, but we are glad to get away from them.

HAVE YOU READ OUR ADVERTISEMENT? IF NOT, DO SO AT ONCE. IT WILL BE TO YOUR PROFIT. BELOW YOU WILL FIND A FEW THINGS ABOUT US WHICH WE KNOW WILL INTEREST YOU.

OUR STORE.
We started out to make our store a public necessity, as well as a benefit, and our whole endeavor in the future shall be given to this same end, by thinking first and always of our customer's gain, and not of our own.

OUR POLICY.
We decided, when we embarked in the business, to build up a reputation for honesty and square dealing with our customers, and we shall always stick closely to this our policy, because we are sure that it is the one that pays in the end.

OUR STOCK.
We carry a stock unequalled in price and in quality, and we know that our customers appreciate the merits of our goods. We carry everything the trade calls for, but if there is anything in our line you want, which we have not got, kindly tell us about it, and it won't take us long to get it.

OUR PRICES.
We believe in being economical, and adhere to the idea of transacting business upon business principles. For this reason our prices are the lowest consistent with the class of goods we carry, and we guarantee that when you purchase a dollar's worth of goods from us, you will get 100 cents worth in return.

OUR EXPERIENCE.
We do not profess to know it all, but we do maintain that we have been in the business long enough to know what, how and when to buy, and also how much to buy each time. A customer, therefore, who trades with us reaps the benefit of this our experience, by getting the best class of the goods they want at the lowest prices.

OUR SUCCESS.
We have succeeded beyond our expectations, and why? Not because we had in mind our own success when we have done anything, but because we have worked to please and to satisfy our customers. "Give, and it shall be given unto you," says the good book, and in working up our trade we have always found this the right thing to do every time.

OUR HOPES.
We aim to give a better and a more efficient service to our patrons during the coming year, and we hope in this way not only to satisfy in a greater degree our present clientele, but that these, by praising our store and our service, will gain us many more customers.

Do not lay away the paper until you have read our advertisement. You will find a lot of bargains from week to week. Read about them, then visit our store, buy of us and save money. Remember always, that "a penny saved is a penny earned."
